COLOUR GUIDE

- 1  **Black** Left stripe
- 2  **Red** Middle stripe, around the emblem
- 3  **Green** Right stripe
- 4  **White** The emblem — mosque, wreath and rays — leave it white

DID YOU KNOW?

Our emblem is simplified. The real one shows a mosque inside a wreath of wheat with writing above and below — far too detailed to colour at this size!

Afghanistan has changed its flag **more times than any other country** — over 20 different designs in the last 100 years.

This design was the national flag from **2013 to 2021**. Since 2021, a different flag — white with black writing — has been flown in Afghanistan.

Black stands for the **past**, red for **independence**, and green for **hope for the future**.
